

Thank you for your interest in choosing the Ronald McDonald House Charities of Maine for consideration to be the beneficiary of your fundraising promotion event. We ask that you read the following information.

[Fundraising Guidelines](#)

RMHC, since its inception in 1984, prides itself on a record of excellence in service to the community and the families it serves.

While we are grateful for the fundraising support from the community, we must take a heightened interest when our name is used in connection with a fundraiser. For this reason, the Ronald McDonald House Charities name may be used only for activities that are in accordance and compatible with our mission. The name and use of the logo must be supported by a written approval before undertaking your event.

Please complete the Fundraising Application Form found on www.rmhcmaine.org, or submit by either email (development@rmhcmaine.org) or mail to our Administrative Offices (250 Brackett Street, Portland, ME 04102). If you have any questions, please do not hesitate to contact me at (207) 780-6282 ext. 331 to discuss your fundraiser/event, or answer any questions that may arise when filling out this form.

If your fundraiser event is approved, we ask that you stay in touch throughout the process and share with us any written information or materials bearing our logo before it is mailed, handed out or distributed in the community. The staff is here to support your fundraiser and we can provide the necessary support for a successful event.

Ronald McDonald House Charities of Maine retains the right to revoke or terminate any authorization it may give for use of the official RMHC or Ronald McDonald House® name.

[About the Ronald McDonald House Charities of Maine](#)

Ronald McDonald House Charities of Maine promotes the health, development and well being of children and their families. We accomplish this through both the Ronald McDonald Houses, a home away from home for families of seriously ill children, the Ronald McDonald Family Room, and also by creating and supporting programs that directly improve the lives of children and their families.

Sincerely,
